

Essential Transport For An Essential Industry

Digital Event: 20th -21st October 2021

09.30 Chairman: Opening welcome.
Chris Notter

10.00 What are the biggest challenges for pharmaceutical companies when transporting temperature-sensitive pharmaceutical products, especially during the pandemic?

Julian Sutch, Pharma Global Sales, Emirates SkyCargo

Julian Wann, Associate Director Procurement Global Freight & Logistics, AstraZeneca

11.00 Can procedural compliance in pharmaceutical logistics by air be reached through industry collaboration?

Prof. Dr. Yvonne Ziegler, Professor of Business Administration with special focus on Aviation Management, Frankfurt University

12.00 Panel: Many airlines have had to adapt their cargo operations to be able to deliver vaccines and other pharmaceutical products during the pandemic. How did the supply chain collaborate?

Yulia Celetaria, Healthcare Director Global, Volga-Dnepr Group

Walter Heider, Head of Distribution Platform Frankfurt, SANOFI

Sanjeev Gadhia, CEO, Astral Aviation Ltd

Marcel Kuijn, Global Head of Pharmaceutical Logistics, Air France KLM

14.00 Pharmaceutical regulatory requirements are becoming stricter and are beginning to extend into the transportation of pharmaceutical goods. What are the airlines doing to implement the requirements for the transportation of temperature-sensitive products?

Abdullah Bahadır Büyükkaymaz, Special Cargo Product Manager, Turkish Cargo

Tom Sohorab, Manager, Cargo Solutions Strategy and Business Development, Air Canada Cargo

15.00 Panel: Life at the Airport - how airports have altered to deliver the vaccines.

Moderator: Jimmy Nares, Section Chief, Aviation Marketing, Miami-Dade Aviation Dept. and Board Member of Pharma.Aero

Michelle Mosco, Director, Regional Air Logistics Pharma & Healthcare - North America, Kuehne + Nagel

Cristina Oñate López de Letona, VP Marketing & Product Development, Marketing and Business Development, - LATAM Cargo

Pablo Rousselin, Managing Director of Aviation, DHL Aero Expreso

Shawnpaul Booth, Vice President, Business Performance & Operations Support NA, WFS

Donald (Don) Harrison, Head of Global Key Accounts - Airlines, Envirotainer AB

16.00 Pharmaceutical Handling: Transporting pharmaceutical products by air demands a rigorous logistical approach. Handling facilities are important for temperature-sensitive products, which can include both pharmaceuticals and vaccines. Shipments require specific equipment, storage facilities, harmonized handling procedures and above all, strong cooperation among the cold chain partners.

In this 1-hour session, we will hear about the delivery of Sotrovimab, a breakthrough monoclonal antibody (MAB) treatment for patients diagnosed with Covid-19.

Through an extraordinary collaboration among many partners and across many time zones, Abu Dhabi was the first in the world to receive Sotrovimab. The first patient was infused within hours of plane wheels touching ground at Abu Dhabi International Airport. The session will begin with a 1-minute video from Etihad Airways.

Jeff Kemprecos, Director, Communications, Government Affairs & Market Access, GSK Gulf

Hassan. F. Hassan, Head, Customer Service, Logistics, Warehouse & Distribution GSK Gulf

Fabrice Panza, Manager Global Cool Chain solutions, ETIHAD CARGO

Andrea Battaglia, Special Products Development Manager, ALHA Group

Day 2 – Thursday 21st October

09.30 COVID-19 Vaccine Distribution and the Supply Chain Revolution.

Erlingur Brynjulfsson, CTO and Co-Founder, Controlant

10.30 Case Study - Minus temperature topic: Minus Temperature Case Study walk through, highlighting the critical balance of corporation and collaboration in building a resilient End to End Supply Chain

Miguel Rodríguez MBA, Senior Manager Climate Control Products, Qatar Airways

Fabrizio Iacobacci, Head of Pharma Business Development, BCUBE air cargo S.p.A

Nicola Caristo, Airline Partner Manager, SkyCell AG

12.00 Panel: Pharma companies to discuss the airfreight industry's response to the crisis. What went well? What were the problems? What are the lessons to be learnt?

Nathan De Valck, Head of Cargo Product & Network Development, Brussels Airport Company

Manu Jacobs, Managing Director Specialty Products, United Cargo

József Kossuth, Head of Cargo, Budapest Airport

Andy Faes, Regional Manager Healthcare Vertical Europe, Expeditors

15.00 Specific packaging solutions are needed for temperature-controlled pharmaceuticals. What are the safest solutions available on the market and what are the pharmaceutical company requirements?

Tijmen Koster, CEO, Trip & Co

16.00 Conference round-up

Chris Notter, Chairman

END OF CONFERENCE
